

# Spirit and Millennium Draft Calendar

Auditioning for the groups commits you to the schedule, financial obligation, and performances for each group upon selection. We have several students that audition for the groups each year and we want to make sure you know all as much information as possible. If you have questions, please contact Mr. Huth or Ms. Schaeufele.

The schedule for the show choirs is very important and comes first. This is a large group that everyone is a starter and not a bench rider. We are very flexible as much as we can be with scheduled school events (speech, sports, band, drama, etc) and have been able to make 100% of all conflicts work out. Nearly all of our past members have had other activities that they have been involved with and if works out great. We will never ask the student to choose – the coaches and I workout a plan prior.

**Tentative Schedule** (this schedule will change some prior to the final draft)
